

Submitter: Matthew Howard

On Behalf Of:

Committee: Senate Committee On Human Services

Measure: SB576

As a T-10 complete Paraplegic I am writing in support of SB 576. It is imperative that people with disabilities do not have to choose between healthcare and employment. Income restrictions infringe on the rights of employed Oregonians with disabilities to pursue career growth and leadership in the workforce. Health and employment equity is essential for every persons right to thrive.
