Committee: House Committee On Early Childhood and Human Services

Measure: HB2578

My name is Percilla Christensen and I receive supports from Partnerships in Community Living. I support the pay increase for staff so that we can retain staff here and so that staff feel like they are worth it and so I feel like I am worth it to society. It is terrible when there is constant staff turnover because they don't feel like they are high enough wages and it causes me great stress. It is awful when staff do the bare minimum of effort and when staff don't stay here long because they don't see it as a good job,
Please support HB 2578.
