

Submitter: Quinn Hanson

On Behalf Of:

Committee: House Committee On Revenue

Measure: HB2433

We can't attract people to live here if there aren't jobs that pay enough. 90% of businesses in Central Oregon are small and need relief on tax burdens so they can pay people the salaries needed to live here.

Passing this bill give small businesses a fighting chance at survival. By redirecting capital into employee pockets, we can keep our economy moving.
