

Submitter: Camille Pantuso
On Behalf Of:
Committee: House Committee On Revenue
Measure: HB2433

I hereby, oposite this bill. It will put me out of business. I am struggling to survive still even though Covid-19 may be not as prominent at this time, it has affected my revenue. My revenue is down over 30% and If this bill passes I will loose everything. I know many store owners are struggling just to stay afloat right now and many if not all will be forced to shut down. Please don't take away my business or anyone else's who have worked so hard over so many years and especially barely surviving during Covid-19. Your consideration of our livelihood for our future and families is greatly appreciated!
