

Submitter: Ken Cropper
On Behalf Of: SB 704
Committee: Senate Committee On Health Care
Measure: SB704

Hello, my name is Ken Cropper and I live in NE Portland in Senator Dembrow's SD 23 district. I wish to give my support to passage of SB 704 to create a Universal Health Plan Governing Board to continue the work of Ballot Measure 111 that passed in the November 2021 election and changed the Oregon State Constitution to state that "health care is a human right". I believe that a universal, single payer, state health care plan would deliver on this right.

Thanks

Ken Cropper
