Measure: SB576

People with disabilities struggle enough in extreme poverty. They deserve us to be able to account for REAL INFLATION amounts over the years, to update the benefit amounts, and be able to have a real emergency/medical Savings, or assets amounts. They deserve to be able to marry or work without fear of losing their benefits, which includes health benefits they rely on to survive, with often severe, chronic, co-occurring, and often complex, medical conditions..
