Committee: House Committee On Business and Labor

Measure: HB2915

There are more than enough puppies and kittens out there that need adoption without competing with them by the sale of kittens and puppies. Petsmart had a wonderful program whereby kittens and cats were brought in from the local humane society and adopted out there on the spot. Of course this was still profitable for the store because people would buy supplies for the animal they adopted at the store. Please pass this bill for the benefit of all those shelter kitties. The dogs sold are often from puppy mills, are too expensive, and can carry diseases. This law would not prevent private breeders from selling puppies.
