

Submitter: Jonathan Fechtel

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: HB2457

Hi! My name is Jonathan and I work in the Supported Living department of the Pearl Buck Center as an assistant manager. I know the direct impact that wages have on hiring and maintaining staff. Our staff love working with our clients and hate to leave, but they also need a livable wage to maintain their lives outside of work. Please vote yes on this bill and help put dignity and respect on our staff.
