

Submitter: Matthew Olsen

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: HB2457

Hello Legislators,

I work for a non profit organization that supports the IDD community with their career goals. I support the HB 2457 bill because not only will this be a huge step forward in showing the value of our work, but will also be an investment in IDD community to assist with Oregon businesses. So please vote yes on HB 2457 and invest in the people who help others succeed. Thank you for taking the time to read my testimony.
