

Submitter: Kori Betzina

On Behalf Of:

Committee: House Committee On Early Childhood and Human Services

Measure: HB2457

Hello,

My name is Kori and I have been a DSP for many years. I have always poured myself into my work and being a CNA2 the medical side of care giving is one of my many focus points. I am living in Centreal Oregon where the cost of living is dangerously high and I am in the process of purchasing a home. This wage increase would allow me to stay in Central Oregon and continue to serve the population I am passionate in creating quality of life for. I am requesting this bill be approved on behalf of all caregivers who provide any kind of support for the folks who may not be able to fully or appropriately care for them selves. Thank you for your time and for advocating that care providers are able to keep the same quality of life as those we support.

Kori J. Betzina
