

Submitter: Michelle Amberg

On Behalf  
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and  
Water

Measure: HB3125

Each month we have citizens who for one reason or another need assistance in paying their utility bill. The City has done it's due diligence to keep water and sewer rates as low as possible while still meeting our financial responsibilities. Financial assistance to utility customers is a necessary next step to assure that our low-income citizens have the water and sanitation they need to lead healthy lives. Please support this bill.
