

Submitter: T Ray
On Behalf Of:
Committee: House Committee On Rules
Measure: HB2585

Dear Legislators,

This is a written request (or Testimony) asking Legislators to pass HOUSE BILL 2585 ending automatic voter registration through Oregon Motor Voter. And also reestablish process of registration at any office of Department of Transportation where licenses or renewal applications are distributed or received that existed prior to enactment of Oregon Motor Voter.

Oregon Motor Voter laws allow people who may know little or nothing about the candidates running for State office to vote. Is this fair to the citizens of Oregon? No it is not and therefore I petition your support for passing HOUSE BILL 2585.

Thank you,
Sincerely
An Oregon Citizen
