RE: Vote YES on HB 2585

Dear Representative Fahey and committee members,

Please vote "yes" on HB 2585 to end motor voter registration. It is a system that has proven to be problematic. I personally know several people you had their political party registration switched to NAV after renewing their driver's license. Unfortunately, the only way they found out was by not receiving a ballot for the primary election and a call to their county clerk.

Voter registration should be a conscience action through the proper agency so verification of U.S. citizenship and eligibility to vote in our State can be established.

It is time to revert back to the conventional method of voter registration. Please support HB 2585.

Respectfully submitted,
Nancy Baker, Terrebonne
