Measure: HB2032

I OPPOSE HB 2032 which is to permit non-same-sex couples to register as domestic partners outside of marriage. This is a slippery slope that legalizes another immorality. From the point of government co-opting marriage into the taxing system, it has worked to destroy the family and family values that were endowed by our creator. There really is no reason for the government to dictate the status of relationships or label relationships.

I do know couples living together married under God, but not the state, so they don't lose their pension from a prior deceased spouse.
