

Submitter: Vivian Kirkpatrick-Pilger

On Behalf Of:

Committee: House Committee On Rules

Measure: HB2107

This bill cannot insure election integrity. It appears that people who are not American citizens

Can register to vote. The Constitution of the state of Oregon insures that we have secure elections.

This bill would blatantly violate the constitution of Oregon and the Constitution of the United States.

It is the responsibility of our elected representatives to protect these rights of the legal citizens.

When the legislature cannot recognize the legal citizens of Oregon and the U.S., they are promoting chaos

And illegal voting processes.

Do not support this bill!
