Measure: SB704

I am writing in support of SB 704, a bill to establish a Universal Health Plan Governance Board to finalize a design and implementation plan of a single-payer health system for the review and consideration of the 2025 Legislature and implementation in 2026-2027. While establishing a slower pace than our current health care emergency warrants, it is a step toward mediating the disparities of health care available to citizens of this state.
