On Behalf Of:

Committee: House Committee On Rules

Measure: HB2107

No to the Health Authority being able to register voters. I think registration should be limited to being intentional with individuals going to the county seat in person to register or using the DMV offices also in person. Voter registration should not be automatic and you should not be able to vote without being vested and invested in our great state with a requirement of 1 year of residency before being eligible to vote to minimize voter fraud!
