Measure: HB3158

This bill would impose a tax. Taxes are supposed to be voted on by Oregonians, not the legislators.

This bill will economically harm Oregonians when we are all hurting

Housing shortages. Homelessness. Food insecurities. Inflations. Farmers are struggling. Natural Resource Industries are struggling. And this will be another cost that they are forced to put on Oregonians. Further driving up the cost of living, further harming their businesses. You can use incentives without a punishing tax. Taxes only bloat the state funding. Which is already astronomical, in a time when Oregonians are struggling to get by.
