

Submitter: Charlotte Maloney

On Behalf
Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure: HB2601

My household relies upon PERS pension through my husband's work before our retirement. I join with the Divest Oregon coalition in seeing the need to enact the provisions of HB 2601 to protect the pension fund from declining returns on fossil fuel companies.

Please move this important bill forward for the sake of retirees and the state as a whole,

Sincerely,
Charlotte Maloney
