

Submitter: Kathy Cooper

On Behalf Of:

Committee: House Committee On Rules

Measure: HB2585

I support the ending of automatic motor voter registration. Very few states have AUTOMATIC motor voter registration because it is not best practice. I believe it takes advantage of people and is coercive. People should turn in a registration form themselves if they want to register to vote, not be automatically registered through a "back door" if they don't decline a form from the clerk.
