

Submitter: Susan Moray

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB704

We have a great opportunity to enact what is typical in all other developed countries for Oregonians. Oregon is the leader in so many ways and it is time we provide healthcare for those who do not get it through their employer or Medicare. A citizenry that has their healthcare needs met contributes more to the state through employment and participation in civic life. Please support this important measure to insure what is minimally needed by its citizens.
