

Dear Senate Members,

As a parent (father) I saw first hand of what sexual assault did to my daughter and the detriment that pretty much destroyed her life afterwards. There were many things I was not aware of and the unfamiliarity of the law and the process it takes to protect victims sexual abuse. Laws must be created that would certainly protect victims and SB816 is the right direction that should be taken. We all need a "Peace of Mind" victims and the parents, please vote in favor of SB816. I thank you in advance to the passage of this bill.

Sincerely and Respectfully,

A handwritten signature in black ink, appearing to read "Dan and Kim", with a stylized flourish extending to the right.
