

Submitter: SARA SCHMIDT

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB704

I believe that if each of our citizens had access to healthcare - universal healthcare - that we would help so many people in so many ways, and solve many of our societal problems. I support this and believe we can champion such a bill in our state that the rest of the country could find inspirational and provide that model for everyone else.

Thank you
