

Submitter: Anne OBrien

On Behalf Of: Church Women United of Lane County

Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure: HB2601

Church Women United of Lane County is one unit of an 81-year old national movement of women working on many social justice issues. We are a coalition member of Divest Oregon. We believe this bill is an essential step for Oregon to “walk its talk” in addressing climate change. We promote each of the the aspects of this bill.

In particular, by passing this bill the legislature would begin to meet it’s requirement of Treasury oversight. The transparency aspect is past needed.

Anne OBrien, President of the board
