Re: SB 754 Recreational Liability Reform

Chair Prozanski and Members of the Committee:

On behalf of Visit Bend, it is a pleasure to provide a letter of support for SB 0754. Visit Bend's vision is to support our community as it seeks a sustainable future. A critical piece of this work is ensuring that the area's scenic outdoor spaces and boundless recreation opportunities remain accessible for all.

Outdoor recreation is a significant contributor to the region's economy. A 2019 study found that local recreationists and visitors spent more than \$1 billion in Central Oregon – on everything from guided trips, to gear and equipment and more. This spending supported almost 13,000 full- and part-time jobs, \$484 million in wages and other compensation and roughly \$560 million in GDP contributions.

Many of the businesses (local guides, outfitters, tour operators) negatively impacted by Oregon's current liability laws promote Leave No Trace principles, help teach fire safety and wildfire awareness, and ensure recreationists are prepared with proper gear for a safe and enjoyable experience. Every year, the number of people interested in recreating outdoors increases. Without these businesses people venture out unprepared, putting themselves and others at risk.

Without state-enforced liability waivers outdoor recreation businesses often have no choice but to increase consumer costs and in some cases scale back operations to cover rising insurance premiums – causing not only a major threat to the local economy but also removing the easy access to Oregon's outdoors that is fundamental to generating tourism activity.

Supporting SB 0754, adopts liability waiver enforcement that mirrors other western states, provides balanced protection for businesses that are integral to the state's economy, and helps keep the outdoors safe, sustainable and accessible for future generations.

Thank you for your consideration. Please let me know if I can be of further assistance.

Sincerely,

Kevney Dugan  
President/CEO  
Visit Bend
