Measure: SB704

Several years ago my husband was rushed to Providence in an emergency situation. He was there 5 weeks. No one told him or any of his family present that he was out of network. His reward for surviving an illness was a \$300,000 bill, harassment and bullying by Providence and a lifetime payment plan. We were already paying \$1000 a month out of pocket for Blue Cross Blue Shield. This is what happens with health care is run by private corporations. Ridiculous. Health care is a human right.
