

Submitter: Michael Hughes

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB530

I support SB 530 because natural climate solutions are a win-win for climate and Oregon's farmers, ranchers, forest owners, and communities. The practices that sequester and store carbon also make our lands and waters more resilient to climate-fueled drought, wildfires, and extreme temperatures. SB 530 will provide the resources needed to implement these practices. I strongly urge you to vote YES on SB 530. Thank you.
