

Submitter: Evie Willis

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2458

I am a Clinical Social Work Associate working towards licensure in the Oregon and urge you to vote on behalf of this bill and end the harmful practice of conversion therapy. This practice is already forbidden for use in youth and there is no evidence suggesting it is safe or even less harmful to adults. No regulated helping professional, bound by ethics to follow best practices, do no harm and advocate for the rights of all people, should be allowed to offer this dangerous and outdated "treatment."

Please support the passage of HB 2458.
