Measure: HB2585

I am in support of HB 2585! Voting is a right afforded to every citizen of the United States. Individuals have the right to choose how involved they want to be in the process and some may not want to be a registered voter and that is their right! We shouldn't mandate every person utilizing DMV be registered to vote. Oregon may have been a first to accept this practice, but being first doesn't always mean we are a leader. I see some real drawbacks to this system. By eliminating the automatic registration through DMV, hopefully, it will protect the integrity of our election process.

Please vote in support of this bill!
