Committee: House Committee On Rules
Measure: HB2585

Dear Members of the Committee,

Please accept my additional support of HB2585. Please note, that once a person is added to the voter roles, our state has a very hard time deleting them. There seems to be no check and balance on this system. It is not clear that the DMV is actually ensuring that a person is a legal citizen. We need to do more to protect our voting system, and uphold the US Constitution, and Oregon Constitution.

Sincerely,
Karen Schmidlin
