

Submitter: PAMELA WIMMER  
On Behalf Of:  
Committee: House Committee On Rules  
Measure: HB2585  
To: Chair Fahey, Vice-Chair Breese-Iverson, Vice-Chair Kropf  
and Members of the Committee:

Please support HB 2585.

This Motor Voter law along with mail-in voting has caused the people in Oregon to become lazy about registering and voting. People should engage and make their own choice whether or not to be registered to vote. Having people automatically registered by the DMV causes thousands of unqualified people to be registered. This is against the Constitution of the United States and of Oregon. Only US citizens are qualified to vote and passing this bill will help to start putting our voter rolls back on track.

Our voter rolls have thousands of inactive voters which haven't voted for years. This allows for the possibility of fraudulent use of the ballots of those inactive voters. And unnecessary spending of mailing out those ballots. And it creates the possibility of fraudulent use of those ballots. In addition HB2681 delays cleaning up the voter rolls for years and years. Why would a bill like that be passed unless it was for the purpose of fraud? We need to clean our voter rolls so that the people of Oregon can trust and be assured of lawful, fair and true elections.

The DMV not only registers people to vote without their knowledge or consent it also changes party affiliation without your knowledge or permission when making a transaction, thereby causing unnecessary mailing spending our tax dollars. It also has 16 year old drivers in queue for mailing out their registration upon their 18th birthdays. Please support this bill.

Further, what would be the possibility of the entire voter roll being deleted and starting over with engaged Oregon Voters with Valid ID of Oregon residency and US Citizenship?

Thank you for your consideration.  
Pamela Wimmer
