

Submitter: Michael Brainard

On Behalf Of:

Committee: House Committee On Education

Measure: HB3101

Chair Neron, Vice-Chair Hudson, Vice-Chair Wright and the committee

I am opposed to the bill as written because it is an unfunded mandate.

If the state wants to require schools install a panic system then the directive should allow school boards to decide what best fits their schools, and the state needs to be willing to cover the cost of installation of the system the school board chooses.

Schools need to spend their limited funds on teaching and curriculum.
