Measure: HB2585

it was intended to register non registered voters, non partisan if you don't return card at DMV ..but obviously it is not affecting only non registered voters ..the system must consider everyone non registered ?? We need to rescind this Act ! DMV should have nothing to do with our voter registration and Every person who does a transaction at DMV should not get an automated voter registration .. they don't even check citizenship.

This allows fraud at all levels. People don't even know that they have been unregistered till they don't receive a primary ballot for there party.  
Let's get back to Voter ID and in person to have honest elections!
