

Submitter: Bill Hander

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2458

The gov't should not be involved in ANY aspect of alphabet lifestyle. Underaged kids are being groomed and influenced by adults. THIS should be looked at and stopped. In my opinion this lifestyle is a shout for kids needing attention and they get it. Read about all the kids transitioning back when they get older and all the medical issues they have because some medical professional with a cause convinced them they were the wrong sex. This bill is a definate NO
