

Submitter: Marilyn Feldhaus

On Behalf Of:

Committee: Senate Committee On Natural Resources

Measure: SB530

I support SB 530, the Natural Climate Solutions bill. We need to be more intentional about solving the climate crisis and this bill offers incentives to all stakeholders in our state, including farmers, ranchers, and forest owners to promote carbon sequestration and conservation of our natural resources. I approve that the bill incentivizes as opposed to simply restricting what stakeholders can do with their land.
