

Submitter: Laurie Dougherty

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB545

Chair Sollman, Vice-Chair Findley, and members of the Energy and Environment Committee,

SB 545 is an important bill as a way to reduce the proliferation of plastic (and other single use containers). containers. If passed, I will make use of it enthusiastically. I patronize stores that offer products on bulk. I do use reusable net bags for produce however they are not suitable for bulk grains, flour or liquids. I would really appreciate the ability to use my own reusable containers.

I urge you to support SB 545.

Thank you for the opportunity to comment.
