Committee: House Committee On Behavioral Health and Health Care

Measure: HB2458

I am an LCSW therapist (Licensed Clinical Social Worker) working with individuals in Portland, Oregon. I strongly oppose conversion therapy for any individual and concur with the APA's stance that conversion therapy is not only ineffective, it is unequivocally harmful. Additionally, the National Association of Social Workers (NASW) condemns conversion therapy as threat to the wellbeing of individual subjected to it.

Please support the passage of HB 2458.
