Measure: HB2458

I strongly oppose this bill.

I received professional help from therapists that I sought out, on my own accord, when I was in conflict with my same sex attraction.

My faith also played a part in wanting to seek change in my life.

I found the safe and loving help that I needed and I am living a fulfilling life attracted to the opposite gender.

Please don't take this valuable help away from others that are seeking the same.
