On Behalf Of: Mr Oregon Opposes SB 54
Committee: Senate Committee On Energy and Environment
Measure: SB544

I OPPOSE [SB 544]. The reduction of a mere 25% in seven(7) years is grossly unacceptable.

ZERO WASTE IS THE GOAL.

For reduction of Styrofoam and Plastic food related uses:

Check-out this website: <https://greenpaperproducts.com/>

"Green Paper Products*" rids the continued use of Styrofoam and plastic uses for restaurant / Deli / Supermarket food issues.

Why not the same application for compostable waterproof containers?

*I am not an Agent, Principal or have any investment or do I receive any and all forms of remuneration from "Green Paper Products." ["I chose Green Paper Products" at "random" for the internet.]
