

Submitter: Heather Gray

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3158

These taxes will hurt low income employees, driving up the costs of many items, interest and inflation.

Taxes are already so high, people are fleeing Oregon for a lower cost life. California already did this.

You can't tax people into the things you want. You're severely lowering people's quality of life.
