

Submitter: Rebecca Draper

On Behalf Of:

Committee: Senate Committee On Health Care

Measure: SB704

My name is Rebecca Draper,

We need Universal Health Care because I'm on Medicaid with Oregon Health Plan and I have no eye insurance. This would be included in Oregon universal health care along with dental and increased funding for behavioral health. These additions will greatly benefit me and other low and no income people with disabilities. Homeless people need health care too. The new system will make it easier for them. The current system is very complicated. Oregon Universal Health care will be easy to understand and access. Many low and no income people cannot afford the smallest of deductibles. Oregon Universal Health Care will remove that barrier. The Oregon Universal Health Care will also make it easier for people that work and can't afford health insurance to get insurance. Thank you for your time.
