

Submitter: Greg Simmons

On Behalf
Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure: HB2410

As an educator and coach in the Ontario School District and an Ontario Resident, I fully support the funds of this bill going to the Ontario Recreation District for a community Recreation Center. Providing safe, and memorable opportunities for our youth is a vision of so many in our community. Having a rec center for our youth is something to be desired and cherished, and would bring so much excitement to a community that faces many challenges. The Ontario Recreation District is the perfect recipient of these funds.
