Measure: SB766

Hello Sen. Judiciary

While I admit I don't understand the meaning of " noncompetitive grants through Illegal Marijuana Market".

I would certainly hope Legislators would aggressively fund busting of illegal grows in Oregon.

Seems Cartels are exploiting our system and more to know many are slave camps is most upsetting to me :(

Certainly, if candy flavored cigarettes target kids... then we should have a real discussion about the influence of pot.

SUPPORT OUR LOCAL SHERIFF'S.... and lets fix Oregon for Oregon.
