Committee: Senate Committee On Health Care

Measure: SB704

I do not want anymore government interference in my medical care. Universal healthcare run by governments has NEVER provided affordable, efficient, prompt, quality healthcare. The NHS in the U.K. is awful as was documented in a recent news articles. People are suffering and needlessly dying. Canadians have to wait for months to see specialists and years to get things like hip replacements.

Government isn't efficient at ANYTHING except collecting taxes. Leave our healthcare alone!
