SUPPORT SENATE BILL SB 530 (Natural Climate Solutions)

Dear Chair Golden and Members of the Senate Natural Resources Committee:

Thank you for the February 15, 2023 8 am hearing, it was very informative for someone living on the coast and not exposed to the many smart small ranchers and farmers we are fortunate to have living in our beautiful state of Oregon. I was totally impressed with the testimonies and look forward to your committee and your fine work to take care to keep these people in business.

I do wish good success in your committee with SB 530 in eventually getting it out of committee and have a successful vote on the Senate floor. I will support this bill all the way.

I thank you.

Sincerely,

Nancy Holmes
