

Submitter: Kirsten Miller

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB437

Ten Rivers Food Web supports SB 437 and all Oregonians having the right to grow food in their own yards. We are advocates of a better food system and would like to see the bill pass this time so that even HOA members are able to grow food in their own yards.

Thank you,  
Ten Rivers Food Web  
Board of Directors
