On Behalf Of:
Committee: Senate Committee On Judiciary
Measure: SB754

February 17, 2023

Senate Committee on Judiciary
900 Court Street NE
Salem, Oregon 97301

Re: SB 754 Recreational Liability Reform

Chair Prozanski and Members of the Committee:

SB 754 Recreational Liability Reform is important to our organization Scott's Cycle and Sports in multiple ways. First of all we are in the business of selling and promoting recreational equipment including ski-rentals and organized group bicycle rides. Second of all we also promote and put on bicycle racing events with Oregon Bicycle Racing Association. Oregon is a great place to recreate and Oregon residents have a long history of outdoor activity participation including Cycling and Skiing. The increased liability situation in Oregon has negatively affected aspects of the sports and activities Oregonians love and our local business is based on. I support SB 754 Recreational Liability Reform because it makes sense will allow Oregon to have a similar playing field to nearby states along with keeping our recreation activities accessible.

Sincerely,

Brian Cimmiyotti
Scott's Cycle and Sports
