

I OPPOSE [HB 2763]...

Oregon should not have a "Task Force" as a pretext to create a "State Bank."

Oregon is replete with incompetent politicians, who routinely make bad decisions. Creating a "Task Force" to create a "State Bank" are two(2) examples.

Oregon Legislators could use the "State Bank" as:"A slush funding source," give out many forgivable loans, authorize guaranteed monthly incomes, free Housing Projects, Civil War related reparations, and many other socialist based; give-away, welfare-state-vote-buying programs.

In short-A State Bank could be used to bypass the Legislative process required to spend our tax money.

David S. Wall

Mr. Oregon Concurr...You never turn your back to the ocean and never, ever trust an Oregonian Legislator with your money.
