On Behalf Of:
Committee: House Committee On Rules
Measure: HJR20

I think it's disgusting that it has taken so long for 16 and 17-year-olds to gain the right to vote. It's 2023. As far as I remember, the last time this was proposed was in 2021. This is ridiculous. Oregonians who have testified support for this have shown scientific research proving that they are mentally capable of voting. A bunch of countries and a handful of cities have already done this, and they already participate in our government and society. My husband, Harrison was pretty damn kind in his testimony. I'm not gonna be. You are lucky my car is broken. Otherwise, I would have driven down there to give my testimony in person.

PASS THIS GODAMN BILL!
