Committee: House Committee On Emergency Management, General  
Government, and Veterans

Measure: HB2410

As a resident of Ontario and a constituent, I urge you to consider supporting this legislation. Thank you for your representation and action.

The Ontario community (being the larger city in the center of a bi-state service and economic center) needs a public swimming pool back for the safety and wellbeing of Oregonians. Swimming lessons are important for young children and swimming for mobility and exercise are important for the elderly health, while all age groups in between enjoy the same benefits.

Thank you. --sc
